

# National Health Expenditure Trends, 2023 — List of Data Tables

[National Health Expenditure Trends web page](#)

## Data table series listed in this document

Series A: Summary data, Canada

Series B: Total health expenditure by source of finance, by province/territory and Canada

Series C: Health expenditure by use of funds, by source of finance, Canada

Series D1: Total health expenditure, by use of funds, by province/territory

Series D2: Private-sector health expenditure, by use of funds, by province/territory

Series D3: Public-sector health expenditure, by use of funds, by province/territory

Series D4: Provincial/territorial government health expenditure by use of funds, by province/territory

Series E1: Estimate of total provincial/territorial government health expenditures by age and sex, by province/territory and Canada

Series E2: Provincial/territorial government hospital expenditure, by age and sex, by province/territory and Canada

Series E3: Provincial/territorial government other institutions expenditure by age and sex, by province/territory and Canada

Series E4: Provincial/territorial government physicians expenditure by age and sex, by province/territory and Canada

Series E5: Provincial/territorial government other professionals expenditure by age and sex, by province/territory and Canada

Series E6: Provincial/territorial government drugs expenditure by age and sex, by province/territory and Canada

Series F: Provincial/territorial government health expenditure, by province/territory and Canada

Series G: Expenditure on drugs by type, by source of finance, by province/territory and Canada

Series H: Private-sector health expenditure, by source of finance, by use of funds, Canada

## Series A: Summary data, Canada

- Table A.1: Summary of total health expenditure, Canada, 1975 to 2023
- Table A.2.1: Total health expenditure by source of finance, in millions of current dollars, Canada, 1975 to 2023
- Table A.2.2: Percentage distribution of total health expenditure by source of finance, Canada, 1975 to 2023
- Table A.2.3: Total health expenditure per capita by source of finance, in current dollars, Canada, 1975 to 2023
- Table A.2.4: Total health expenditure by source of finance, in constant 1997 millions of dollars, Canada, 1975 to 2023
- Table A.2.5: Total health expenditure per capita by source of finance, in constant 1997 millions of dollars, Canada, 1975 to 2023
- Table A.3.1.1: Total health expenditure by use of funds, in millions of current dollars, Canada, 1975 to 2023
- Table A.3.1.2: Percentage distribution of total health expenditure by use of funds, Canada, 1975 to 2023
- Table A.3.1.3: Total health expenditure per capita by use of funds, in current dollars, Canada, 1975 to 2023
- Table A.3.2.1: Private-sector health expenditure by use of funds, in millions of current dollars, Canada, 1975 to 2023
- Table A.3.2.2: Percentage distribution of private-sector health expenditure by use of funds, Canada, 1975 to 2023
- Table A.3.2.3: Private-sector health expenditure per capita by use of funds, in current dollars, Canada, 1975 to 2023
- Table A.3.3.1: Public-sector health expenditure by use of funds, in millions of current dollars, Canada, 1975 to 2023
- Table A.3.3.2: Percentage distribution of public-sector health expenditure by use of funds, Canada, 1975 to 2023
- Table A.3.3.3: Public-sector health expenditure per capita by use of funds, in current dollars, Canada, 1975 to 2023

## Series B: Total health expenditure by source of finance, by province/territory and Canada

- Table B.1.1: Total health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.1.2: Total per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.1.3: Total health expenditure as a percentage of provincial/territorial GDP by province/territory and Canada, 1975 to 2023
- Table B.1.4: Total health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.1.5: Total per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.2.1: Private-sector health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.2.2: Private-sector per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.2.3: Private-sector health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.2.4: Private-sector health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.2.5: Private-sector per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.3.1: Public-sector health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.3.2: Public-sector per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.3.3: Public-sector health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.3.4: Public-sector health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.3.5: Public-sector per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.4.1: Provincial/territorial government-sector health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023

## List of Data Tables

- Table B.4.2: Provincial/territorial government-sector per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.4.3: Provincial/territorial government-sector health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.4.4: Total provincial/territorial government-sector health expenditure as a proportion of total provincial/territorial government programs\* by province/territory and Canada, 1975 to 2023
- Table B.4.5: Total provincial/territorial government-sector health expenditure as a proportion of total provincial and territorial government expenditures\* by province/territory and Canada, 1975 to 2023
- Table B.4.6: Provincial/territorial government-sector per capita health expenditure standardized by age and sex and the percentage difference between standardized and actual expenditure by province/territory and Canada, in current dollars, 1998 to 2021
- Table B.4.7: Provincial/territorial government-sector health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.4.8: Provincial/territorial government-sector per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.5.1: Other public\* sector health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.5.2: Other public\* sector per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.5.3: Other public\* sector health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.5.4: Other public\* sector health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.5.5: Other public\* sector per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.6.1: Federal direct health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.6.2: Federal direct per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.6.3: Federal direct health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.6.4: Federal direct health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.6.5: Federal direct per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.7.1: Municipal government health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.7.2: Municipal government per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023

## List of Data Tables

- Table B.7.3: Municipal government health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.7.4: Municipal government health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.7.5: Municipal government per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023
- Table B.8.1: Social security funds health expenditure by province/territory and Canada, in millions of current dollars, 1975 to 2023
- Table B.8.2: Social security funds per capita health expenditure by province/territory and Canada, in current dollars, 1975 to 2023
- Table B.8.3: Social security funds health expenditure as a proportion of total health expenditure by province/territory and Canada, 1975 to 2023
- Table B.8.4: Social security funds health expenditure by province/territory and Canada, in millions of 1997 constant dollars, 1975 to 2023
- Table B.8.5: Social security funds per capita health expenditure by province/territory and Canada, in 1997 constant dollars, 1975 to 2023

### Series C: Health expenditure by use of funds, by source of finance, Canada

- Table C.1.1: Total health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.1.2: Percentage distribution of total health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.1.3: Total health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.1.4: Public and private share of total health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.2.1: Private-sector health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.2.2: Percentage distribution of private-sector health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.2.3: Private-sector health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.2.4: Private-sector health expenditure by use of funds in current dollars as a proportion of total, Canada, 1975 to 2023
- Table C.3.1: Public-sector health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.3.2: Percentage distribution of public-sector health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.3.3: Public-sector health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.3.4: Public-sector health expenditure by use of funds in current dollars as a proportion of total, Canada, 1975 to 2023
- Table C.4.1: Provincial/territorial government health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.4.2: Percentage distribution of provincial/territorial government health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.4.3: Provincial/territorial government health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.4.4: Provincial/territorial government health expenditure by use of funds in current dollars as a proportion of total, Canada, 1975 to 2023
- Table C.5.1: Other public-sector\* health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023

## List of Data Tables

- Table C.5.2: Percentage distribution of other public-sector\* health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.5.3: Other public-sector\* health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.5.4: Other public-sector\* health expenditure by use of funds as a proportion of total, Canada, 1975 to 2023
- Table C.6.1: Federal direct health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.6.2: Percentage distribution of federal direct health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.6.3: Federal direct health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.6.4: Federal direct health expenditure by use of funds in current dollars, as a proportion of total, Canada, 1975 to 2023
- Table C.7.1: Municipal government health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.7.2: Percentage distribution of municipal government health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.7.3: Municipal government health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.7.4: Municipal government health expenditure by use of funds in current dollars as a proportion of total, Canada, 1975 to 2023
- Table C.8.1: Social security funds health expenditure by use of funds in millions of current dollars, Canada, 1975 to 2023
- Table C.8.2: Percentage distribution of social security funds health expenditure by use of funds in current dollars, Canada, 1975 to 2023
- Table C.8.3: Social security funds health expenditure per capita by use of funds in current dollars, Canada, 1975 to 2023
- Table C.8.4: Social security funds health expenditure by use of funds in current dollars as a proportion of total, Canada, 1975 to 2023

## Series D1: Total health expenditure, by use of funds, by province/territory

- Table D.1.1.1: Total health expenditure by use of funds in millions of current dollars, Newfoundland and Labrador, 1975 to 2023
- Table D.1.1.2: Percentage distribution of total health expenditure by use of funds, Newfoundland and Labrador, 1975 to 2023
- Table D.1.1.3: Per capita total health expenditure by use of funds in current dollars, Newfoundland and Labrador, 1975 to 2023
- Table D.1.2.1: Total health expenditure by use of funds in millions of current dollars, Prince Edward Island, 1975 to 2023
- Table D.1.2.2: Percentage distribution of total health expenditure by use of funds, Prince Edward Island, 1975 to 2023
- Table D.1.2.3: Per capita total health expenditure by use of funds in current dollars, Prince Edward Island, 1975 to 2023
- Table D.1.3.1: Total health expenditure by use of funds in millions of current dollars, Nova Scotia, 1975 to 2023
- Table D.1.3.2: Percentage distribution of total health expenditure by use of funds, Nova Scotia, 1975 to 2023
- Table D.1.3.3: Per capita total health expenditure by use of funds in current dollars, Nova Scotia, 1975 to 2023
- Table D.1.4.1: Total health expenditure by use of funds in millions of current dollars, New Brunswick, 1975 to 2023
- Table D.1.4.2: Percentage distribution of total health expenditure by use of funds, New Brunswick, 1975 to 2023
- Table D.1.4.3: Per capita total health expenditure by use of funds in current dollars, New Brunswick, 1975 to 2023
- Table D.1.5.1: Total health expenditure by use of funds in millions of current dollars, Quebec, 1975 to 2023
- Table D.1.5.2: Percentage distribution of total health expenditure by use of funds, Quebec, 1975 to 2023
- Table D.1.5.3: Per capita total health expenditure by use of funds in current dollars, Quebec, 1975 to 2023
- Table D.1.6.1: Total health expenditure by use of funds in millions of current dollars, Ontario, 1975 to 2023
- Table D.1.6.2: Percentage distribution of total health expenditure by use of funds, Ontario, 1975 to 2023
- Table D.1.6.3: Per capita total health expenditure by use of funds in current dollars, Ontario, 1975 to 2023
- Table D.1.7.1: Total health expenditure by use of funds in millions of current dollars, Manitoba, 1975 to 2023
- Table D.1.7.2: Percentage distribution of total health expenditure by use of funds, Manitoba, 1975 to 2023

## List of Data Tables

- Table D.1.7.3: Per capita total health expenditure by use of funds in current dollars, Manitoba, 1975 to 2023
- Table D.1.8.1: Total health expenditure by use of funds in millions of current dollars, Saskatchewan, 1975 to 2023
- Table D.1.8.2: Percentage distribution of total health expenditure by use of funds, Saskatchewan, 1975 to 2023
- Table D.1.8.3: Per capita total health expenditure by use of funds in current dollars, Saskatchewan, 1975 to 2023
- Table D.1.9.1: Total health expenditure by use of funds in millions of current dollars, Alberta, 1975 to 2023
- Table D.1.9.2: Percentage distribution of total health expenditure by use of funds, Alberta, 1975 to 2023
- Table D.1.9.3: Per capita total health expenditure by use of funds in current dollars, Alberta, 1975 to 2023
- Table D.1.10.1: Total health expenditure by use of funds in millions of current dollars, British Columbia, 1975 to 2023
- Table D.1.10.2: Percentage distribution of total health expenditure by use of funds, British Columbia, 1975 to 2023
- Table D.1.10.3: Per capita total health expenditure by use of funds in current dollars, British Columbia, 1975 to 2023
- Table D.1.11.1: Total health expenditure by use of funds in millions of current dollars, Yukon, 1975 to 2023
- Table D.1.11.2: Percentage distribution of total health expenditure by use of funds, Yukon, 1975 to 2023
- Table D.1.11.3: Per capita total health expenditure by use of funds in current dollars, Yukon, 1975 to 2023
- Table D.1.12.1: Total health expenditure by use of funds in millions of current dollars, Northwest Territories, 1975 to 2023
- Table D.1.12.2: Percentage distribution of total health expenditure by use of funds, Northwest Territories, 1975 to 2023
- Table D.1.12.3: Per capita total health expenditure by use of funds in current dollars, Northwest Territories, 1975 to 2023
- Table D.1.13.1: Total health expenditure by use of funds in millions of current dollars, Nunavut, 1975 to 2023
- Table D.1.13.2: Percentage distribution of total health expenditure by use of funds, Nunavut, 1975 to 2023
- Table D.1.13.3: Per capita total health expenditure by use of funds in current dollars, Nunavut, 1975 to 2023

[National Health Expenditure Trends web page](#)

### Series D2: Private-sector health expenditure, by use of funds, by province/territory

- Table D.2.1.1: Private-sector health expenditure by use of funds in millions of current dollars, Newfoundland and Labrador, 1975 to 2023
- Table D.2.1.2: Percentage distribution of private-sector health expenditure by use of funds, Newfoundland and Labrador, 1975 to 2023
- Table D.2.1.3: Private-sector per capita health expenditure by use of funds in current dollars, Newfoundland and Labrador, 1975 to 2023
- Table D.2.2.1: Private-sector health expenditure by use of funds in millions of current dollars, Prince Edward Island, 1975 to 2023
- Table D.2.2.2: Percentage distribution of private-sector health expenditure by use of funds, Prince Edward Island, 1975 to 2023
- Table D.2.2.3: Private-sector per capita health expenditure by use of funds in current dollars, Prince Edward Island, 1975 to 2023
- Table D.2.3.1: Private-sector health expenditure by use of funds in millions of current dollars, Nova Scotia, 1975 to 2023
- Table D.2.3.2: Percentage distribution of private-sector health expenditure by use of funds, Nova Scotia, 1975 to 2023
- Table D.2.3.3: Private-sector per capita health expenditure by use of funds in current dollars, Nova Scotia, 1975 to 2023
- Table D.2.4.1: Private-sector health expenditure by use of funds in millions of current dollars, New Brunswick, 1975 to 2023
- Table D.2.4.2: Percentage distribution of private-sector health expenditure by use of funds, New Brunswick, 1975 to 2023
- Table D.2.4.3: Private-sector per capita health expenditure by use of funds in current dollars, New Brunswick, 1975 to 2023
- Table D.2.5.1: Private-sector health expenditure by use of funds in millions of current dollars, Quebec, 1975 to 2023
- Table D.2.5.2: Percentage distribution of private-sector health expenditure by use of funds, Quebec, 1975 to 2023
- Table D.2.5.3: Private-sector per capita health expenditure by use of funds in current dollars, Quebec, 1975 to 2023
- Table D.2.6.1: Private-sector health expenditure by use of funds in millions of current dollars, Ontario, 1975 to 2023

## List of Data Tables

- Table D.2.6.2: Percentage distribution of private-sector health expenditure by use of funds, Ontario, 1975 to 2023
- Table D.2.6.3: Private-sector per capita health expenditure by use of funds in current dollars, Ontario, 1975 to 2023
- Table D.2.7.1: Private-sector health expenditure by use of funds in millions of current dollars, Manitoba, 1975 to 2023
- Table D.2.7.2: Percentage distribution of private-sector health expenditure by use of funds, Manitoba, 1975 to 2023
- Table D.2.7.3: Private-sector per capita health expenditure by use of funds in current dollars, Manitoba, 1975 to 2023
- Table D.2.8.1: Private-sector health expenditure by use of funds in millions of current dollars, Saskatchewan, 1975 to 2023
- Table D.2.8.2: Percentage distribution of private-sector health expenditure by use of funds, Saskatchewan, 1975 to 2023
- Table D.2.8.3: Private-sector per capita health expenditure by use of funds in current dollars, Saskatchewan, 1975 to 2023
- Table D.2.9.1: Private-sector health expenditure by use of funds in millions of current dollars, Alberta, 1975 to 2023
- Table D.2.9.2: Percentage distribution of private-sector health expenditure by use of funds, Alberta, 1975 to 2023
- Table D.2.9.3: Private-sector per capita health expenditure by use of funds in current dollars, Alberta, 1975 to 2023
- Table D.2.10.1: Private-sector health expenditure by use of funds in millions of current dollars, British Columbia, 1975 to 2023
- Table D.2.10.2: Percentage distribution of private-sector health expenditure by use of funds, British Columbia, 1975 to 2023
- Table D.2.10.3: Private-sector per capita health expenditure by use of funds in current dollars, British Columbia, 1975 to 2023

## List of Data Tables

- Table D.2.11.1: Private-sector health expenditure by use of funds in millions of current dollars, Yukon, 1975 to 2023
- Table D.2.11.2: Percentage distribution of private-sector health expenditure by use of funds, Yukon, 1975 to 2023
- Table D.2.11.3: Private-sector per capita health expenditure by use of funds in current dollars, Yukon, 1975 to 2023
- Table D.2.12.1: Private-sector health expenditure by use of funds in millions of current dollars, Northwest Territories, 1975 to 2023
- Table D.2.12.2: Percentage distribution of private-sector health expenditure by use of funds, Northwest Territories, 1975 to 2023
- Table D.2.12.3: Private-sector per capita health expenditure by use of funds in current dollars, Northwest Territories, 1975 to 2023
- Table D.2.13.1: Private-sector health expenditure by use of funds in millions of current dollars, Nunavut, 1975 to 2023
- Table D.2.13.2: Percentage distribution of private-sector health expenditure by use of funds, Nunavut, 1975 to 2023
- Table D.2.13.3: Private-sector per capita health expenditure by use of funds in current dollars, Nunavut, 1975 to 2023

### Series D3: Public-sector health expenditure, by use of funds, by province/territory

- Table D.3.1.1: Public-sector health expenditure by use of funds in millions of current dollars, Newfoundland and Labrador, 1975 to 2023
- Table D.3.1.2: Percentage distribution of public-sector health expenditure by use of funds, Newfoundland and Labrador, 1975 to 2023
- Table D.3.1.3: Public-sector per capita health expenditure by use of funds in current dollars, Newfoundland and Labrador, 1975 to 2023
- Table D.3.2.1: Public-sector health expenditure by use of funds in millions of current dollars, Prince Edward Island, 1975 to 2023
- Table D.3.2.2: Percentage distribution of public-sector health expenditure by use of funds, Prince Edward Island, 1975 to 2023
- Table D.3.2.3: Public-sector per capita health expenditure by use of funds in current dollars, Prince Edward Island, 1975 to 2023
- Table D.3.3.1: Public-sector health expenditure by use of funds in millions of current dollars, Nova Scotia, 1975 to 2023
- Table D.3.3.2: Percentage distribution of public-sector health expenditure by use of funds, Nova Scotia, 1975 to 2023
- Table D.3.3.3: Public-sector per capita health expenditure by use of funds in current dollars, Nova Scotia, 1975 to 2023
- Table D.3.4.1: Public-sector health expenditure by use of funds in millions of current dollars, New Brunswick, 1975 to 2023
- Table D.3.4.2: Percentage distribution of public-sector health expenditure by use of funds, New Brunswick, 1975 to 2023
- Table D.3.4.3: Public-sector per capita health expenditure by use of funds in current dollars, New Brunswick, 1975 to 2023
- Table D.3.5.1: Public-sector health expenditure by use of funds in millions of current dollars, Quebec, 1975 to 2023
- Table D.3.5.2: Percentage distribution of public-sector health expenditure by use of funds, Quebec, 1975 to 2023
- Table D.3.5.3: Public-sector per capita health expenditure by use of funds in current dollars, Quebec, 1975 to 2023
- Table D.3.6.1: Public-sector health expenditure by use of funds in millions of current dollars, Ontario, 1975 to 2023

## List of Data Tables

- Table D.3.6.2: Percentage distribution of public-sector health expenditure by use of funds, Ontario, 1975 to 2023
- Table D.3.6.3: Public-sector per capita health expenditure by use of funds in current dollars, Ontario, 1975 to 2023
- Table D.3.7.1: Public-sector health expenditure by use of funds in millions of current dollars, Manitoba, 1975 to 2023
- Table D.3.7.2: Percentage distribution of public-sector health expenditure by use of funds, Manitoba, 1975 to 2023
- Table D.3.7.3: Public-sector per capita health expenditure by use of funds in current dollars, Manitoba, 1975 to 2023
