

About CIHI

● The Canadian Institute for Health Information (CIHI) is an independent, not-for-profit organization that provides essential information on Canada's health systems and the health of people living in Canada.

Mandate

● Deliver comparable and actionable information to accelerate improvements in health care, health system performance and population health across the continuum of care.

Vision

● Better data.
● Better decisions.
● Healthier Canadians.

Values

- Inclusion
- Integrity
- Collaboration
- Excellence
- Innovation

Strategic goals

● **A comprehensive and integrated approach to Canada's health system data**
Collaborate with partners to continuously advance the creation, validation and accessibility of health system data

● **An expanded offering of analytics, indicators and tools to support health system decision-making**
Provide the insight needed to drive better health outcomes across Canada's health systems

● **Health information users who are better equipped and enabled to do their jobs**
Help build users' capacity by equipping them to make the best use of data, and by convening forums where they can explore solutions together and share best practices
